Objectives of Conference

The objective of this international conference on “Innovative Management of Neuro-degenerative Disorders: A Convergence of Pharmacy, Physiotherapy & Ayurveda” is to explore and promote multidisciplinary approaches for the effective management of Neuro-degenerative diseases by integrating modern pharmaceutical advancements, physiotherapeutic rehabilitation, and traditional Ayurvedic practices. The conference aims to provide a platform for researchers, academicians, clinicians and foster collaborative research, It also seeks to highlight the importance of holistic and personalized treatment strategies, encourage the use of evidence-based traditional therapies, and inspire the development of innovative, patient-centered healthcare solutions for improved quality of life.

IIMT University, Meerut is a private university established in 2016 in Uttar Pradesh and recognized by the University Grants Commission (UGC). It offers diverse undergraduate, postgraduate, and doctoral programs in fields such as engineering, management, pharmacy, law, medical sciences, and humanities. The university emphasizes a blend of academic rigor, research, and industry-oriented training, supported by modern infrastructure, experienced faculty, and strong placement assistance, aiming to develop skilled professionals and promote innovation and holistic student development.

About IIMT College of Medical Sciences (Pharmacy) is a professional institute under IIMT University, approved by the Pharmacy Council of India, that focuses on quality pharmaceutical education through modern laboratories, research-oriented learning, and industry-aligned curriculum, preparing students for careers in drug development, clinical research, and healthcare.

About IIMT College of Medical Sciences (Allied Health Sciences) offers specialized education in fields like physiotherapy, optometry, and medical laboratory science, emphasizing practical training, clinical internships, and hands-on experience to develop skilled healthcare professionals for the modern medical sector.

About IIMT Ayurveda Medical College and Hospital is dedicated to traditional Ayurvedic education integrated with modern healthcare practices, providing programs like BAMS along with clinical training in its in-house hospital, focusing on

holistic healing, herbal medicine, and Panchakarma therapies.
